

# Valérie Marcus

PHOENIX & SCOTTSDALE

The owner/lead designer of VM Concept Interior Design Studio. As a native of France, my twenty-year career in interior design began in the French Riviera. I bring an authentic European perspective to every project with a goal to create spaces that offer comfort, function and beauty and reflect the personality of my clients.

## thoughts on...

**PHOENIX/SCOTTSDALE:** There is so much to love...endless sunshine; lush desert vistas; the resort lifestyle – relaxed yet chic; fabulous restaurants; fascinating people from all over the world; and the always fresh and energized vibe as a destination city.

**PHOENIX/SCOTTSDALE REAL ESTATE:** Well-known for its spectacular golf courses and the legendary Phoenix Open, Scottsdale draws people internationally. Scottsdale's real estate reflects this global appeal. The architecture is eclectic and includes territorial, Spanish colonial, contemporary and modern, yet each is uniquely adapted to the desert southwest.

## SIGNATURE STYLE

Tailored, sophisticated, distinctive and timeless – all describe interiors designed by Valérie. Effortlessly I create graceful and elegant interiors attuned to my discriminating high-end clientele.

## her favorites

**1** I love the work of internationally renowned French artist and sculptor **Laetitia Bonnici**. Her work is dynamic, passionate and thought-provoking. [vmconcept.com](http://vmconcept.com).

**2** Furniture designed by **Christopher Guy** is another favorite. His work is breathtaking in its simplicity – a sublime union of classical and modern design. [chistopherguy.com](http://chistopherguy.com)

**3** One of my favorite stores is **Relics** which specializes in European antiques and architectural pieces. It's a great spot to find unusual, one-of-a-kind pieces. [relicsaz.com](http://relicsaz.com)

**4** After a full day, **Christopher's at Biltmore Fashion Park** is the perfect spot to enjoy a glass of wine from its award-winning cellar and to savor French-inspired, bistro fare. [chistophersaz.com](http://chistophersaz.com)
